Safety at utmost importance

'Wisdom is giving children their wings, along with the rudder of awareness to keep them safe from the prying hands.' - Anonymous

Teaching children to be safe, especially from strangers, is very important and ever-changing challenge. To make our learners aware from strangers and to empower them with the proper knowledge about appropriate touch, little dipsites of Grade Prep witnessed the Stranger Danger Enactment on May 1, 2023. The role play helped them to understand about their safety and how to recognize potential danger. The three-step rule of 'SAY NO-SCREAM-RUN' is a simple yet effective way, which helped them to understand what actions they can take if they feel unsafe. They were also told about the Good Touch and Bad Touch through demonstration and learned how to identify an inappropriate touch towards their safety and well-being. Overall, it was truly gratifying to see our children creating their own safety circle and were able to acquire knowledge about their safety.

Beautiful and Super Moms!

"God could not be everywhere and so he created mothers." – Rudyard Kipling

Happy Mother's Day Mom, I love you for whatever you are
Here are my Hugs and Kisses for you, just for you, just for you.
My Hugs and Kisses for you, I Love You Mother!

If love is sweet as a flower, then mothers are that sweet flower of love. Pre-primary wing of DPS, GBN celebrated Mother's Day on May 12, 2023, a day welcoming to the unwavering commitment and unconditional love made by the mothers. Mothers of Grade Pre-nursery were invited to the school and to make this day special our tiny tots amazed them with their mesmerizing performances. Children of Grade Nursery and Prep displayed their creativity and made beautiful crafts as a token of love and expressed their feelings with cute video messages. Overall, it was a spectacular day which filled the air with heart-warming feelings of tenderness, gratefulness, and thanks.

Basking Blue

"Blue colour is everlastingly appointed by the deity to be a source of delight". -John Ruskina

Can we imagine world without colours? Not at all! Nature itself has many colours to offer which makes the world look attractive. To introduce our little munchkins to the mesmerizing world of colours, DPS, GBN celebrated Blue Colour Day on May 1, 2023, for the learners of Grade Nursery. Children donned in blue colour attire and brought the objects related to it. They confidently shared few lines and impressed everyone with their performance during the Show and Tell activity. Our cute young learners displayed their creative skills as they were engrossed themselves in making the Dolphin craft. This celebration helped learners in developing their listening and speaking skills. It was an enjoyable day and loved by all.

Summertime on my Mind

"A flower blossoms for its own joy." – Oscar Wilde

Summer Break is an important time for children. This is a very happy time for them and before it starts, DPS, GBN organized a fun filled Summer Fun Day for Pre-primary on May 19, 2023, to embrace our little bundles of joy. It was mesmerizing to see the teachers and children donned in their best summer colourful outfits with sparkling hats, caps, sunglasses, and umbrellas. Our cute little munchkins enjoyed yummy Candy Floss which was shaped for them in the school premises. Children were beaming with excitement as they played fun games with their buddies and relished food with their friends. Any celebration is incomplete without music and dance, so the kids grooved with their teacher on their favourite party songs. It was a memorable day for the teachers as well as the kids.
