I touch the future – I teach

A good teacher can inspire hope, ignite the imagination, and instill a love of learning.” - Brad Henry

Teacher's Day is celebrated every year on 5th September, to mark the birth anniversary of our former President, also a renowned teacher, Dr. Sarvapalli Radhakrishnan. Teachers are the pillar behind our success, and we at DPS GBN left no stone unturned to give regards to our respected Teachers. The day awakened the sense of gratitude among our little Dipsites of grades 1 and 2 as they explored their creative sides by designing attractive cards for their teachers. Each card had a unique way of expressing the imperishable role of a teacher in a student's life. They also wrote some beautiful thoughts to show their love and appreciation for their beloved teachers, which filled the hearts of all the teachers with immense pride. The little ones made this day much more exciting by singing, dancing and reading poems for their lovely teachers. It was amazing to hear them as they spoke their hearts out while revering the teachers in their lives. The day concluded with a lot of enthusiasm and love for both the mentors and the little mentees.

Hands on Craft

Enriching learning through craft provides students with well-rounded educational experiences. Our Work Education (WE) theme of 'Hands-On Craft' exemplifies this commitment. Crafting is more than just a creative outlet, it's a powerful tool to boost imagination and personal development. Craft activities, such as making bookmarks, paper folding jokers, earbuds printing, and exploring the life cycle of a butterfly, offered unique learning opportunities to the students of grades 1 and 2. Children developed their imaginative thinking and artistic expression while creating the master-pieces in their work education sessions and enjoyed flaunting it to their fellow mates as well as teachers. Making crafts is always interesting, but when it is done with waste materials, it turns into a classic and hence our young artists learnt the same as they used newspapers, old magazines, leaves, twigs etc. while doing these craft activities. A great deal of dedication and zeal was shown by the young artists during these activities. They learned to tackle challenges during craft creation and hone their problem-solving abilities. It was indeed a creative journey, in which our young children learnt skills which they will carry with them throughout life.

Janmashtami Celebration

"You have the right to work, but never to the fruit of the work. You should never engage in action for the sake of reward, nor should you long for inaction."

- Lord Krishna

Cultural education is an essential aspect of the curriculum, at DPS GBN. We believe in celebrating the special occasions and festivals with great pomp and show as the bright side of celebration is togetherness and spreading love. The little dipsites of grades 1 and 2 celebrated Janmashtami with full fervour and zest. Our young learners of grade 1 made beautiful newspaper flutes and decorated them wonderfully with glitters, mirrors, stars etc. It was eye-opening to see their smiling and cheerful faces while doing the activity. The teachers also narrated the story about the incarnation of Lord Krishna to the children and talked about other tales related to his love for butter, his lifelong friendship with Sudama, playing the flute etc. Our young kanhas and Radhas of grade 2 were encouraged to recite and memorize a very renowned Hindi poem "Yeh Kadamb Ka Ped" written by famous hindi poetess 'Subhdra Kumari Chauhan'. This poem elaborates on the childhood days and activities of lord krishna. To get those feelings and vibes students readily and charmingly recited the poem making the whole environment so beautiful. It was an exhilarating day, thoroughly enjoyed by the children as well as the teachers.

Charitr Manchan Competition

To foster the all-round development of a child, we at DPS GBN give equal importance to scholastic as well as co-scholastic areas. Keeping the same spirit and Sustainable Development Goal 16 (Peace, Justice and Inclusive societies) in mind, 'Charitr Manchan Competition' was organised for the enthusiastic learners of grade 1. The aim was to pay tribute to our National heroes and famous personalities, who brought peace, justice, harmony, and contributed towards the growth and prosperity of our country. The students donned the look of their ideals and threw light on the sacrifices made by them to bring the needful change. It was amazing as well as surprising to see their depth of knowledge about their role models. Not only this, the performers set the benchmark by expressing and presenting themselves on stage with full confidence, gestures, and props in the given time frame. Their enthusiasm was on another level, enthralling the audience with their awe-inspiring act. At the same time, their jaw-dropping performances compelled everyone to praise their talent, stage presentation, and confidence, which was on another level fulfilling the motto of the theme.
